TIDEWATER A.R.S.E.
(Area report on social enlightenment)

Hi, This is issue#1 of the Tidewater ARSE. Our objective is to inform people of new music and events. Particularly fascinated with the underground area music, we will try to report on it thoroughly. WE POSE NO THREAT OF ART OR PRETENTIOUS SERIOUSNESS. Please address all correspondence to this fanzine to 70 Channing st., Portsmouth, Va. If you don't like this fanzine then fucking write your own. We have a small staff of 7 so all submissions are gladly accepted as an excuse for journalism.

**He's the
meanest
man alive**

By JOE BERGER

Bloodthirsty Robert Vickers is the world's most brutal con — a fiendish killer who torched a fellow inmate to cinders as the doomed victim screamed helplessly in his cell.

Even before he cremated crippled Buster Holsinger alive, the crazed Vickers, 23, had been sentenced to die for another savage slaying, authorities said.

And the wild-eyed weirdo who calls himself "Bonzai" has vowed to keep on killing until he gets his grisly wish — to be executed while actress Faye Dunaway watches

Inside notes....I hear there are several new beach bands but I don't know their names. If they write to this magazine, we will gladly write about them and help set up shows. Richmond band, WHITE CROSS, seems to be gaining national recognition due to their super hot E.P. Recent demo tapes by GRAVEN IMAGE & HONOR ROLE are fuckin great. I hear Vic has quit SCAT RITUAL. What now? ?!?!?! K-94 turns punk??? WHITE CROSS did well on their recent short tour to Philly, N.Y. & other east coast hip towns. Bonesaw has changed their name to GOD'S WILL. The KJB is also getting better all the time as they continuously write new songs. I don't believe they have played out for several weeks. DEATH PIGGY from Richmond is a real cool band. You need to see them live. I hear the X-RAVES are breaking up. 'Nuff said.

I wonder if there will be any more good shows at the WAVE? Maybe even the BEACH THEATER. There have been alot of good bands playing good shows in Tidewater & Richmond lately such as the ROCKATS, LEGAL WEAPON, the PLASMATICS, CRUCIFIX, D.O.A., VOID, MINOR THREAT, HUSKER DU, ANGRY SAMOANS, CIRCLE JERKS & THE MOB. There also seems to be alot of new wave and synth pop acts performing in the area.

Now theres even a cool record store in town. It's called LOTT RECORDS on Hampton Blvd. They take trade ins to. Good selections that grows continually. Great prices too! So boycott all these other area record museums and go to LOTT RECORDS so they can have the business and we can all have a decent record shop. This is not an advertisement -- just good logic.

Whats going on with JUDICIAL FEAR? Theres a newly formed BEACH BAND called "HOIT" thats really hot. Good tunes

Is anybody going to D.C. July 3rd for the ROCK AGAINST REAGAN rally at the Lincoln Memorial? Featured bands are, the DEAD KENNEDYS/ MDC/ the DICKS(?)/ WHITE CROSS/ D.R.I. And more.

Expect new record releases soon from FEAR, CIRCLE JERKS, BLACK FLAG, CRAMPS, SOCIAL DISTORTION, STRAY CATS, DICKIES.

RECORD REVIEWS

MINOR THREAT- "Out of Step" EP.- Good production of 8 new songs and 1 new version of "out of step" Great music with variation of thrash, rock, funk melodies. The lyrics however are just too personal to them for others to grasp. Best cuts include: "Think Again", "Sob Story", "Betrayed". The last song on side 2 shows no label listing but if my sources are correct it is called "Cashing Out".

A-

D.O.A.- "War on 45" EP.- Great 8 song EP with covers of "War" and "Classwar". Favorite cuts: "War", "America the Beatiful", "Liar for Hire".

A

the VIBRATORS- "Guilty"- Nothing like good old "PURE MANIA" but this LP still rocks good. Too bad the snotty, pushy vocal style is gone.

B-

SCREAM- "Still Screaming"- My favorite new LP. Every fucking song kicks. You can pinpoint alot of BAD BRAINS influences but I would rather hear SCREAM any time. This is the best Dischord release to date. I hear it took only 2 days to record this LP. I also hear that the singer PETE STAHL took singing lessons. If he did, it was worth it cause he has a great voice with great singing style. BUY THIS RECORD!

A+

the DESCENDENTS- "Milo goes to College"- Another classic LP with a great singer. The drummer BILL is at present playing for BLACK FLAG. The LP is great. Kinda thrash pop. Great lyrics and melodies. Kinda Buzzcocks vs. BLACK FLAG sound. All the cuts are hot.

A

CODE OF HONOR/SICK PLEASURE- Nothing by CODE OF HONOR really stands out but it is still very good. I prefer SICK PLEASURE!! They have very interesting lyrics. For some other good CODE OF HONOR buy the "What price would you pay/What are we gonna do" 45. This LP does not present them at their best.

B+

RECORD REVIEWS CONT...

DEAD KENNEDYS- "Plastic Surgery Disasters"- I don't give a fuck what you think, I think they're great. Superb musicians. And yes Jello practices scales so he can do some of these songs. Every cut is great. "Riot" gives me chills. One side is thrash and the other side is creepy punk suburban psychedelia. This is their best release to date.

A+

the DAMNED- "Strawberrys"- Great pop album. Dave Vanian still has a great voice. The fact that K-94 doesn't play this LP is item #8 on the list of 500 reasons why K-94 is still fucked up. The DAMNED are one of England's #1 bands. I wish they were more appreciated here so that they wouldn't have to cancel tours each time they plan one. This is a cool LP.

A

PLASMATICS- "Coup Detat"- Oh come on now be serious. What a fucking wench! This record is pretty fucking mediocre. I saw a movie where this bitch shoots ping pong balls out of her love muscle.

C-

GUN CLUB "Miami"- Holy snakeshit. This is the creepiest country music I ever heard. When Jeffrey Lee Pierce croons I feel like I got a Tarantula on my eye. Great record. A

GUN CLUB "Death Party" EP- 5 song EP. Side one sounds real country and side 2 sounds like eerie GUN CLUB. When I hear this record I think of a cactus to the groin. The only original member left is J.L. Pierce himself.

A

WHITE CROSS- Real hot 8 song EP. 2 of the songs are poorly mixed but the music is hot. Favorite cuts are: "Fascist", "Speed of the Presses", "Jump Up".

A

DIE KREUZEN-"Cows and Beer"- My vote for EP of the year. Cool guitar and the singer sounds like a monkey on helium. All cuts are great.

A+

RECORD REVIEWS CONT....

IRON CROSS-"Skinhead Glory"- "Crucified" is a great song but the rest are kinda bland. Pretty fucking common record.

C

ISM-"I Think I Love You/A7"- The A side is a great cover of the old Partridge Family tune. The B side is an ode to one of NYs finest nightspots. The cover is the coolest picture sleeve in years. Buy it.

A+

HUSKER DÜ-"Everything falls Apart"- Unique fast punk band. Good cover of "Sunshine Superman". Not typical thrash but a well thought out wall of sound.

A

DAVID BOWIE-"Let's Dance"-Always the greatest and now more down to earth and human than ever before. Very soulful tunes. Whole new back up band and a tour is being planned.

A+

D.R.I.-"Dirty rotten Imbeciles" EP- Wow! 22 songs on a 7" EP. Quality in sound is not great but the band sure is hot. Catchy stuff.

A

THE MASTER TAPE Vol. 1- TOXIC REASONS cuts are great. Real Punch Drunk Punk! The ZERO BOYS are a hot band too with 3 sizzling tunes on this LP. Other favorites on this LP are: SLAMMIES, BATTERED YOUTH, DIE KREUZEN, the PATTERN. The rest is o.k.

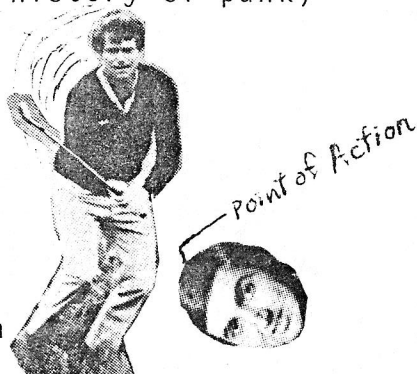

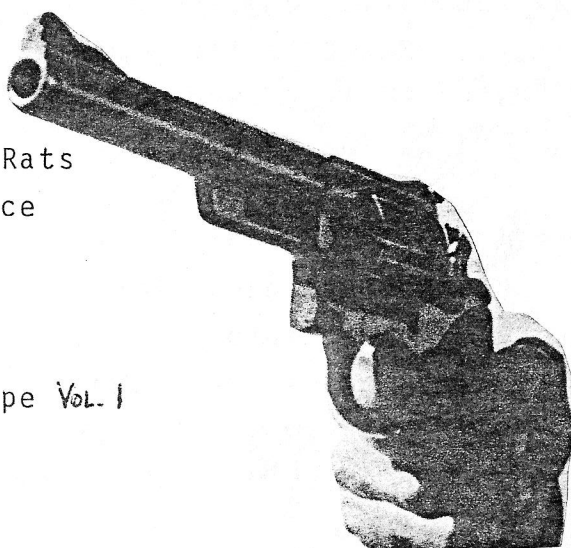

BLACK FLAG-"Everything Went Black"- Big fucking deal. What a load of shit. The ad for this 2 LP set says it contains all previously unreleased stuff. Sure it does but none of it is unreleased songs. All lesser quality versions of previously recorded tunes. For the BLACK FLAG fanatic.

RADIO REPORT

K-94??? Well I don't know. Hmmm I think it still sucks. Sure, It was a step in the right direction...But the left foot never followed. They play all this almost top 40 new wave synth pop shit all the time now. I am so sick of "Come on Eileen" and "Blinded by Science" that I could shit an electrically synthesized fiddle. Fuck this rock of the 80's/Modern rock bullshit. It is still not a progressive radio station. They still play songs into the ground. Instead of the same old songs over and over again its the same new songs over and over again. They need variety. They need other music to mix in with this stuff they play. We Are The People, let's give it to them. They need our advice and direction. So if everyone who cared would write down enough songs for 1-2 hours of radio programming and send it to us at the TIDEWATER ARSE then we would meet with the program director to present our requests and render our advice to them. They need it and we need it. Don't cheat yourself. DO IT!!!!!! Here's a sample of our playlist to give you an idea of the variety of which we speak.

ULTRAVOX-Artificial Life	45 GRAVE-Black Cross
BOWIE-Cat People	S.O.A.-Girl Problems
KING CRIMSON-Frame by Frame	BLACK FLAG-I've got to Run
CREME&GODLEY-An Englishman in Yorkshire	VOID-Time to Die
KEVIN AYERS-That's what you Get	SCREAM-Who knows-Who cares
the WEIRDOS-Break on Through	BAD BRAINS-Coptic Times
BOWIE-All the Madmen	DEAD KENNEDYS-I am the Owl
ALICE COOPER-Return of the Spiders	the METEORS-Love you to Death
the DAMNED-Plan 9 Channel 7	the DICKIES-Banana Splits Theme
ADOLESCENTS-Welcome to Reality	ISM-I think I love you

Plus the show would include a nightly half hour show of Hard Core Punk bands and a nightly half hour Heavy Metal show. The music would cover art, reggae, ska, punk, hardcore, 60's psychedelia, heavy metal, obscure bands, independent releases, rockabilly, british pop and anything we deem as unpredictable.

So make your list NOW and send it to us so we can cram it down their throats for a change. This is your chance.

DO IT NOW!!

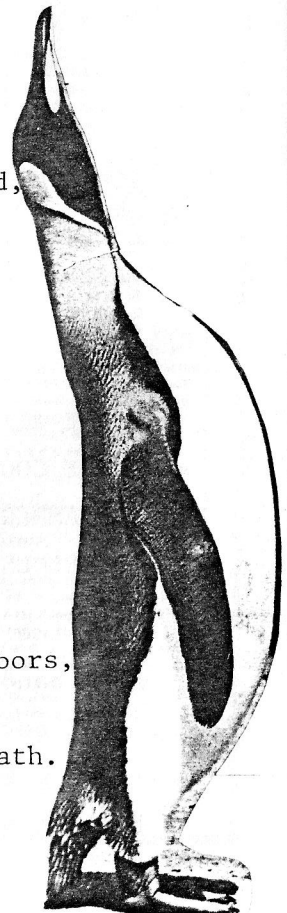

A DAY IN THE PARK

Hi folks, seasonal amusement review here.

Me and the gang went to BUSCH GARDENS recently and it was kinda cold but we had fun. Superman was there and a lot of good looking girls too. The German and Italian food is great. The only drawback besides the late day rain was that the SPECIAL OLYMPICS TEAM held up the line on every other ride we went on. While we were there we developed this really great idea. It seems that amusement parks are getting old hat. Why? Because theres a lack of danger and thrills! Nowadays any dumb fucker can ride a rollercoaster. The uniqueness is gone. Well, to make a long story short, we've come up with a new game called, "LAST CHANCE"/DER DEATH HAUS" that we plan to submit to the ANHEUSER BUSCH CORP. for development. If rejected we will then try to get RED, WHITE & BLUE BEER to back us. When playing "DER DEATH HAUS" it is common for 70% of the participants to die an ultra-violent and bloody death.

Some of the many dangers and quests include:

1. Defending yourself from killer bees with only a wet towel.
2. A 200' ft. plunge over a cliff in a bumper car.
3. A run through a burning house.
4. Defend against 35 skinheads armed with ice picks.
5. Crossing the nature trail loaded with landmines, quicksand, poisonous insects and mutant animals.
6. Climbing a 25 ft. high electric fence (low voltage).
7. A one mile swim across radiation lake.
8. Escaping from inside a steel ball enclosure.
9. Defending yourself against the two foot hatchet pygmies.
10. An attack by a 338 lb. cockroach.
11. Escape the sex ants who desire to attack and dine on your genitals.
12. A jaunt through the noxious chamber of odors maze.
13. A gang rape buttfuck by- Boy George, Slim Whitman, Jim Nabors, The Incredible Hulk and Boxcar Willie.
14. Avoid the steel beaked oscillating razortoothed crows of death.
15. A bottle of southern comfort and a 100 mph. spin on the ferris wheel.

After all of this you exit the sulphur tunnel to find a gypsy in a booth. Now you face the final contest. You must pay him \$500.00 or sacrifice your genitals to him. He will then give you 5 rings for the 100 yard ring toss. If you lose he immediately decapitates and disembowels you. If you win you get a check for \$1000.00 a certificate good for one free game of "DER DEATH HAUS."

If you would like to make any suggestions for "DER DEATH HAUS" plans, then send them to--

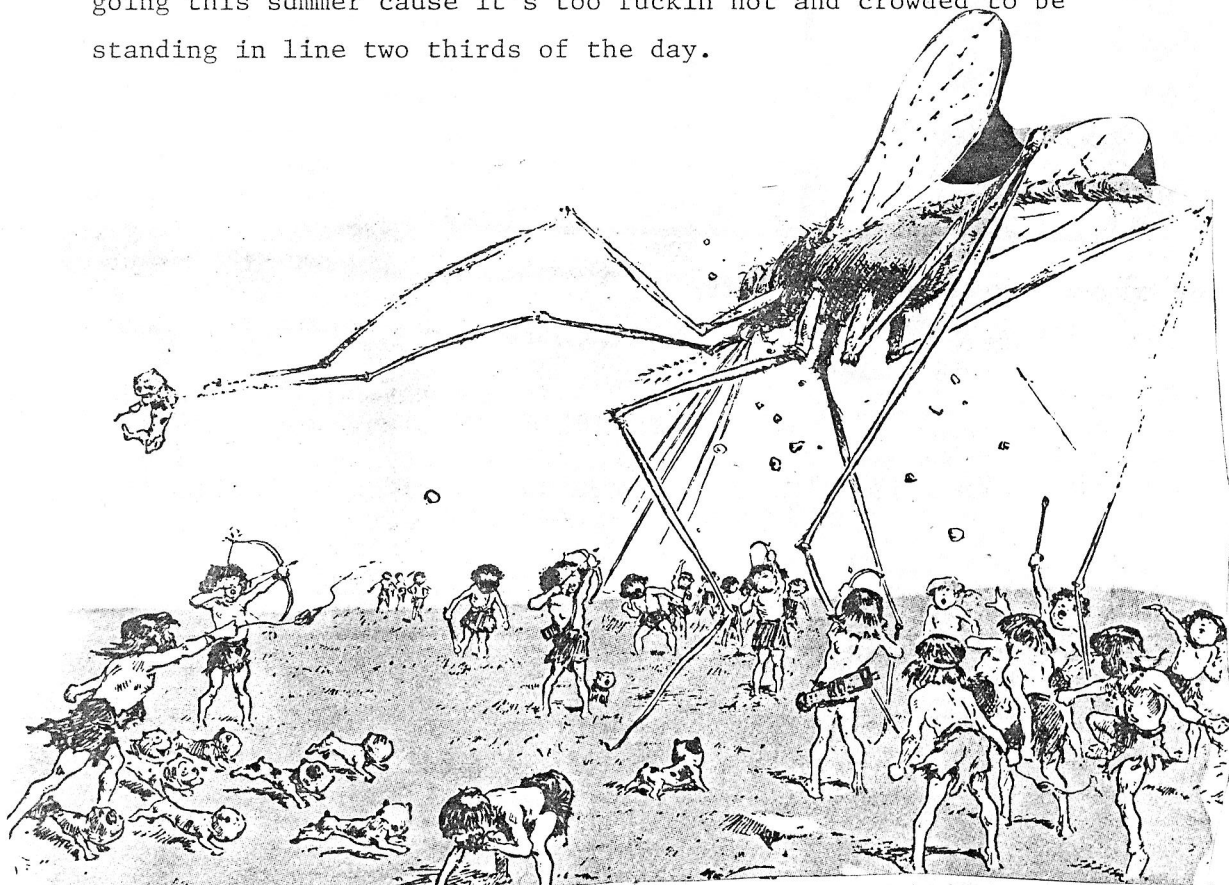

LITTLE PINK HOUSE OF DEATH

461A East Chester St.

Norfolk, VA 23503

or send them to: THE TIDEWATER ARSE 70 Channing St. Portsmouth, VA

All suggestions will be gladly accepted and considered. But, anyhow getting back to BUSCH GARDENS, I would not suggest going this summer cause it's too fuckin hot and crowded to be standing in line two thirds of the day.

Disco music makes mice homosexual

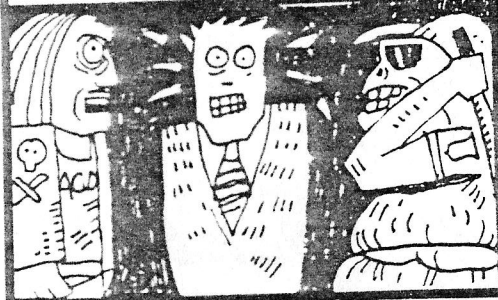

Disco music will turn a macho mouse into a homosexual! That's the astounding result of studies at Aegean University in Izmir, Turkey.

A spokesman for the university researchers says mice exposed to disco music for hours at a time, several days a week, showed the homosexual traits.

The scientists, however, were unable to explain why the music had the strange effect on the mice and expressed concern that disco might do the same to humans.

TIDEWATER WRESTLING COUNCIL

We, the Tidewater Wrestling Council were shocked that one of our members (Steve) was thrown out of the Hampton Coliseum for merely soliciting blood from the already beaten ear of one WAHOO MCDANIEL. There's no room for this type of disrespect towards the TWC or it's press staff. We demand an apology. Highlight of the June 5th match was when SIR OLIVER HUMPERDINK and the ONE MAN GANG punched out ~~JOE CAPONE~~ WAHOO MCDANIEL also won the NWA heavyweight belt from GREG VALENTINE. The GREAT KHABUKI kept his TV title and JAY YOUNGBLOOD and RICKY STEAMBOAT kept their tag team title after defending it against the BRISCOE BROTHERS. Check the newspapers for dates and times of the next grappler events and be there.

We the TWC order the following matches to take place.

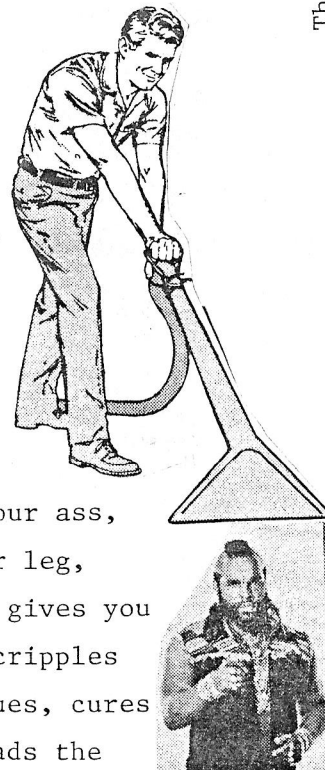

1. Tag Team-BUZZ "MAD DOG" SAWYER + SGT. SLAUGHTER
versus CAPTAIN REDNECK DICK MURDOCK + TOMMY "WILDFIRE" RICH
2. Tag Team-THE WILD SAMOANS
versus JAY YOUNGBLOOD + RICKY STEAMBOAT
3. Tag Team-GOD'S WILL
versus PROPHITT
4. GEORGE "THE ANIMAL" STEELE vs. THE IRON SHEIK
5. THE MAGNIFICENT MURACO vs. JERRY LAWLER

IMAGINE A RIDE.....

That picks you up, throws you down, kicks your ass, spits in yore eye, twists your arm, breaks your leg, insults your intelligence, curses your mother, gives you a headache, makes you puke, fertilizes women, cripples the weak, splashes pedestrians, warps your values, cures your drug habit, seduces your bank account, reads the bible, puts you in a hammer lock and teaches retarded children to cackle.

What would you call it? It's DAVINCI'S HOOTER.

All at $\frac{1}{2}$ the speed of sound. New at: CUZ'S AMUSEMENT PARK

MORE INSIDE NOTES.....

We've heard rumours that FAULTY PRODUCTS has gone bankrupt. WHITE CROSS recently finished recording songs for a 10 song 12" EP. It will be one of the hottest records of 1983. It should be out in about 2 months.

I recently heard an advance copy of "The Master Tape Vol. II" with now defunct former local favorites "FRONT LINE" on it. Their songs are hot ones and so is the rest of the LP with other bands such as VIOLENT APATHY, NO LABELS (from Raleigh), DELINQUENTS, the ANTIBODIES, the TAR BABIES and more. This record should be in the stores as you read this.

Speaking of FRONT LINE, former bassist Ron Stullenbarger has been in the Army's Special Forces since Dec. 28th 1982 and he has fully developed into a screaming, killing, fighting death machine. He'll be stationed in North Carolina starting in July and he says he will visit for some fun.

Also former FRONT LINE singer Andre Cenicerros is working on a new band called "GANG BANG". I'm sure it will be good. No live shows yet but I'm looking forward to seeing them.

GOD'S WILL is planning to record songs for an EP late this summer.

Just an idea-but I think HOIT / JUDICIAL FEAR / GOD'S WILL FRONT LINE / GRAVEN IMAGE / WHITE CROSS / HONOR ROLE / DEATH PIGGY KJB / PREVARICATORS and any other local VA. bands should put out a sampler LP or tape. Good idea huh?

IF YOU DON'T LIKE THE NEWS WAIT 5 MINUTES, IT WILL CHANGE. IN AN UPDATE,.... The big JUNE 25th party fell thru. TOO BAD. GOD'S WILL is breaking up in AUGUST, but they intend to put out a record at that time.Vic is back with SCAT RITUAL and the word is that they don't want to play any shows with any b.c./thrash bands. JULY 9th in RICHMOND with DEAD KENNEDYS, SCREAM, VOID, WHITE CROSS, AND GOD'S WILL JUNE 29th at GOING BANANAS IS JODY FOSTER'S ARMY, HOIT and GOD'S WILL.....Also upcoming shows in August in VA. BEACH with CHANNEL 3, HOIT, JUDICIAL FEAR, WHITE CROSS, GOD'S WILL, SCREAM AND MORE..... JUDICIAL FEAR played IN RICHMOND with WHITE CROSS, MINOR THREAT, and D.O.A. THEY DID 7 SUPER HOT MONSTER HITS LIKE WE'Z LIKE EM. JOHN IS GETTING REALLY GOOD ON THE BASS. THE WHOLE EVENING WAS MONSTROUS.

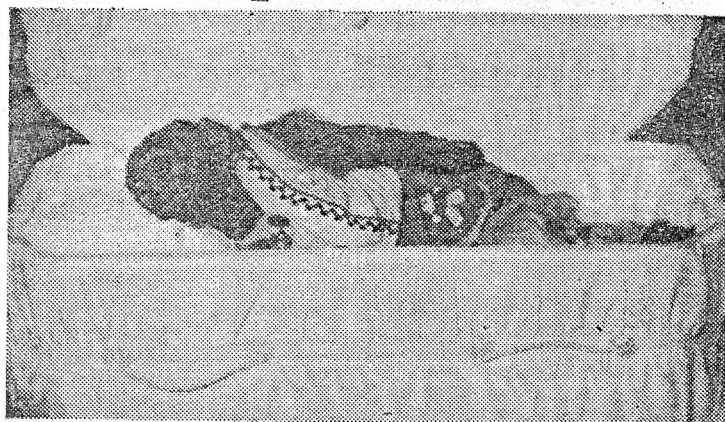

To politicians graffiti is a horror, an ever-present reminder of the creeping barbarism that refuses to fit into their city planning.
